

FORGOTTEN ANIMALS OF LOS ANGELES ("FALA") THE CAT AND DOG DAYS OF SUMMER NEWSLETTER, 2008

P.O. Box 2285, Toluca Lake, CA 91602

Because we never take a vacation from helping the animals.

BREAKING NEWS!

BROTHERS HAVE A NEW HOME

Angelica's boys, Mikie and Louie, were adopted last month. The kids had been with us since the day they were born, April 14, 2006. As many of you know, Angelica was rescued from skid row downtown and she gave birth to a litter of six the same day we rescued her. Mikie and Louie are now living in Sherman Oaks with their new mom Treva, who is spoiling them rotten. All of Angie's kids are now adopted. Hurray!!!

Mikie and Louie are living like princes in their wonderful new home...and they're together forever.

Stella is cozy and happy in her forever home.

AT LAST STELLA HAS A MOM OF HER OWN

Stella also was adopted last month. She was with us for over two years, after her guardian died unexpectedly. Stella was adopted by Kim, who lives in Sherman Oaks. Stella is enjoying being an only child and hanging out with her school teacher mom all summer long. Stella has so much fun playing with all of her wonderful new toys!

It was worth the wait for all three of these precious animals to find a loving home. At Forgotten Animals, our commitment to the safety and welfare of these beautiful creatures is unending...we will care for them for as long as it takes until the perfect new home is found.

MORE SUCCESS STORIES!

JAKE WAS THROWN AWAY, BUT NOW HE'S GOT A LOVING HOME

Jake showed up in Charleen's backyard last fall. There is a lot of construction going on in the neighborhood, with many buildings being torn down to put up a condo. Tragically, uncaring people leave their animals behind when they move, and Jake was a victim of this kind of horrible neglect. Jake was very frightened at first, but it didn't take long for him to turn into a love machine. He was quickly adopted by Rich and they both live happily in Laurel Canyon.

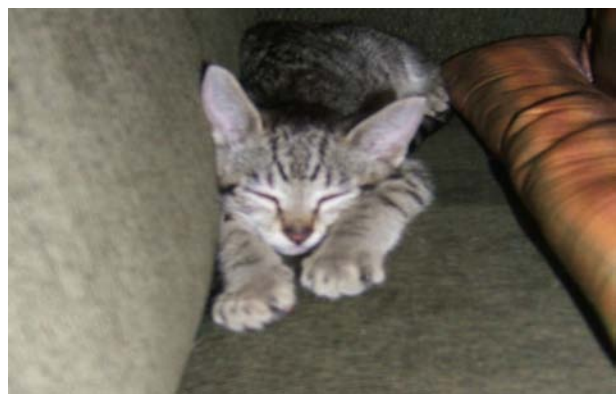

Jake is such a big, happy boy in his great new home.

I get so much love in my new home!

GIGI IS NEVER LEAVING HER NEW MOM!

Gigi was adopted by her foster mom Gina, who just couldn't stand the thought of letting her go to someone else. We're delighted that our wonderful foster mom has become a wonderful permanent mom! Gigi was one of a group of babies FALA rescued from danger, cold, and hunger at a tire shop.

It's so much easier to catch a cat nap when you feel so safe and loved!

**HERE ARE JUST A FEW OF THE FALA CATS WHO HAVE BEEN REHABILITATED
AND ARE NOW READY FOR A FOREVER HOME!**

All of FALA's cats are neutered, tested for felv/fiv, treated for fleas, inoculated, wormed and micro-chipped.

Meadow and her four kittens were found underneath an apartment complex in the Valley. She is a classic mackerel Tabby, and she is a total sweetheart. Meadow would love to come sit on your lap and cuddle with you!

I've got lots of love to give!

We're little cats with huge hearts!

Three of Meadow's kittens are still available for adoption (we're happy to report that **Mack** has a forever home!) Precious **Karl**, **Chloe**, and **Julie** hope to find their forever home too. We also have beautiful baby **Magpie** available for adoption. This little girl was found hiding in a tree, terrified and hungry. But now she's safe and she's blossomed into a true love bug!

Kitaro is a two-and-a-half year old Siamese chocolate point beauty. He was found hiding underneath an apartment complex in the Valley and had clearly been abandoned by his former owner. He is such an angel. Kitaro is sweet and gentle and he would love to have a forever home with you!

I can't wait to come home with you!

Luke: Are you my new family?

Luke has been with us since January of 2006. He is being fostered by the wonderful mom who adopted Mike and Louie. **Lionel** has also been with us for over two years. We will make sure they are safe and happy until they find their own new home.

Lionel: Hi! Wanna snuggle?

If you are interested in adopting, and to see all of the precious cats who are waiting for a new home, please go to www.forgottenanimalsofla.org.

We will always protect them.

FALA will never falter in our commitment to the **feral cats of Los Angeles**. We maintain several **feral cat colonies**. All the animals in each colony are spayed and neutered so the cycle of homeless animals giving birth to more homeless animals can be stopped. The feral cats are fed and cared for, thanks to FALA volunteers.

PLEASE HELP US TO HELP THEM!

Please donate by filling out and mailing the form below. Checks can be made payable to FALA. We are an all-volunteer organization, so 100% of your donation will immediately go to helping the animals. Donations are tax-deductible to the full extent allowed by law and make a wonderful gift for any occasion. We have recently established a special **SPAY/NEUTER FUND**. Two cats and their offspring can produce 400,000 cats over a period of seven years. If you want to make a contribution to this vital effort, please write "Spay/Neuter Fund" on your check and we will immediately use your donation to help prevent generations of suffering.

Please go to www.ralphs.com and click on "Community Contribution" to sign up on our behalf for their New Community Contributions Program. Even if you have already registered, they have begun a new phase of the program and you must register again in order for FALA to receive donations from the store whenever you shop at Ralphs. Our NPO Number is **81200**.

FALA signed up with **PAYPAL**: Donors can go to our website and make a donation using their credit card, with no additional expense for them or for us to use this convenient service.

FALA is also working with **GOOD SEARCH**: By logging on to www.goodsearch.com when you want to do an Internet search and then selecting Forgotten Animals of LA (Toluca Lake, CA) as your designated charity, Good Search will make a donation to FALA when you use them as your search engine. Also, a percentage of your purchases goes to FALA when you use **GOOD SHOP** (part of GOOD SEARCH).

Please go to our website, www.forgottenanimalsofla.org, for information on how to donate your car or boat to FALA, and for information on volunteer opportunities in the Los Angeles area.

**WITH OUR THANKS FOR YOUR COMMITMENT TO THE ANIMALS, AND
WITH EVERY BEST WISH FOR YOU AND YOURS!**
